S. MISSOURI AVE: LANE RESTRICTIONS AND PERIODIC ROAD CLOSURES FROM OCT. 14, 2019 THROUGH NOV. 1, 2019

Beginning on Monday, Oct. 14, 2019 at 7:00 a.m. and continuing through Friday, Nov. 1, 2019 at 6:30 p.m. S. Missouri Ave. will be closed from W. Second Street north to W. Main St. to northbound traffic. The roadway remains open for southbound traffic but will be restricted to one lane along S. Missouri Ave. as heavy equipment and workers will be present in the roadway. Drivers are advised that periodic road closures will also occur as equipment is moved to allow for directional drilling and placement of new water mains. Due to the construction, drivers are advised to use alternate routes during this period.

Construction is planned to start on the north side of the N. Missouri Ave. and W. Main St. (State Route 765) intersection beginning on Monday, Oct. 21, 2019 at 7:00 a.m. and continuing through Friday, Nov. 1, 2019 at 6:30 p.m. N. Missouri Ave between W. Main St. (State Route 765) and W. Benton St. will be closed. Directional drilling to place new water mains will require a large bore pit and drilling equipment in the roadway during this period. Drivers are advised to use alternate routes during this period.

We apologize for any inconvenience this road closure may cause as we work to improve this area. Please note that this road project is weather and equipment dependent and may be delayed due to inclement weather or equipment breakdowns.

When: Mon., Oct. 14, 2019 to Fri., Nov. 1, 2019
Where: Missouri Ave. at W. Main Street Intersection including W. Second Street to W. Main Street and W. Main Street to W. Benton Street
Why: Lane Restriction and Road Closure
Water Main Replacement
