PUBLIC NEWSLETTER FOR THE CITY OF SEDALIA

IN THIS ISSUE

The City of Sedalia was recently notified by the Missouri Department of Natural Resources (MDNR), Solid Waste Management Program of a nearly \$49,000 Non-playground Scrap Tire Material Grant award for the Queen of the Prairie Trail Project to be located adjacent to the City of Sedalia Animal Shelter facility at 2420 S. New York Ave. The grant provides funds for material and labor for installation of a scrap tire surface for the walking trail.

Mayor John Kehde will host a groundbreaking ceremony for the project on Monday, Aug. 13, 2018 at 11:00 a.m. at the trail head located at 2420 S. New York Ave. The public is invited to attend the ceremony to learn more about the project.

MDNR's Solid Waste Management Program provides funds for local communities and non-profit organizations for projects under their Non-Playground Scrap Tire Surface Material Grants. These grants provide funds for running tracks, walking trails, equine/livestock stall mats, riding areas and other similar projects.

Funds are also provided through the Solid

Waste Management Program for Playground Scrap Tire Surface Material Grants which are available only for playground projects.

These local scrap tire projects work to protect and improve the environment by providing a use for scrap tire materials. The grant program creates economic incentives for communities and organizations to re-use scrap tire material in a productive way. MDNR provides these grant funds from the 50¢ fee paid on the purchase of new tires in the state. The Missouri Scrap Tire Fee is up for renewal during the coming legislative session beginning in Dec. 2019.

You can follow progress on the Prairie Queen Walk and Wheels Trail Project by visiting the City's website at: <http://www.cityofsedalia.com> or via social media on [Facebook](#) or [Twitter](#).

Any questions about the Prairie Queen Walk and Wheels Trail Project should be directed to the Public Works Department, 200 S. Osage, Sedalia, MO 65301, at (660) 827-3000 extension 1166.
