PUBLIC SAFETY – Chairman Lee Scribner, Vice Chairman Jack Robinson

- During the strategic plan presentation, the need for a Special Response Vehicle to enhance officer safety during dynamic entries and life-threatening incidents was outlined. The Police Department lacks this capability, placing officers at increased risk during high-threat situations. This need was further discussed during the FY 2026 budget planning sessions, and the approved budget included funding for the vehicle. Bids were solicited and 1 was received from Terradyne Armored Vehicles, Inc. The proposed vehicle meets all operational requirements and was the department's preferred choice due to its level

of protection and suitability for use by the Special Response Team. The total cost of the vehicle is \$299,950, with an additional \$7,980 in transportation costs, bringing the total to \$307,930. The department has maintained restricted safety equipment funds in the amount of \$50,000, which will be applied toward the purchase.

- In response to complaints from residents, including concerns brought forward to Councilman Scribner regarding excessive noise on Broadway Boulevard, an ordinance has been drafted to prohibit the use of unmuffled engine braking systems ("Jake Brakes") within city limits. A similar ordinance previously existed but was repealed due to problematic language; however, this updated version corrects those issues and incorporates language recommended by the Missouri Department of Transportation. The ordinance prohibits engine braking without a properly maintained muffler, except in emergency situations to protect life or property, or when used by city, state, or rescue vehicles. The prohibition applies to all roads within the City of Sedalia. Signs stating “VEHICLE NOISE LAWS ENFORCED” or “ENGINE BRAKE ORDINANCE ENFORCED” may be installed at locations deemed appropriate by the City Council, though signage on state highways would require MoDOT approval.

BILL NO. 2025-87, ORDINANCE NO. 12270 – AN ORDINANCE OF THE CITY OF SEDALIA AMENDING THE CITY CODE REGARDING PROHIBITED JAKE-BRAKING was read once by title.

2nd Reading – Motion by Foster, 2nd by Boggess. All Present in Favor.

COMMUNITY DEVELOPMENT – Chairwoman Rhiannon M. Foster; Vice Chairman Bob Cross

Presentation – Sedalia Community Helping Hands

Robin Balke with Sedalia Community Helping Hands presented information regarding their organization. The organization works strictly with homeowners, and renters are referred to the owner of the property. The Board is diverse, dedicated and is a volunteer-led nonprofit organization that provides essential home improvements for low-income, elderly, and disabled residents, directly supporting neighborhood revitalization and public welfare. Once the owner makes a request and turns in a form, the organization reviews the work to be done. It is then prioritized based on code citations or notice to appear in court. Other requests are met as the group has time. In the past 14 months, they have assisted 53 homeowners with repairs. Items they are not able to address include ongoing lawn upkeep, interior cosmetic issues and repairs to homes outside City Limits. Gutters are the most common request and a local businessman has graciously allowed them the use of his gutter machine to complete gutters, fascia and soffits. Ms. Balke stated she would like to request that the city waive fees associated with containers and permits.

- To continue these efforts, staff and the Mayor are proposing two resolutions to provide targeted support within the designated 353 Redevelopment Area. The first resolution authorizes the waiver of up to \$600 in City-imposed container rental and landfill tipping fees during Fiscal Year 2025–2026. This waiver supports cleanup and abatement projects assisting vulnerable residents with property

maintenance and compliance. To qualify, projects must occur within the designated redevelopment area, and all container requests must be submitted at least one week in advance. The second resolution authorizes the waiver of building permit fees up to \$4,000 for eligible projects during the 2025 and 2026 calendar years, with the resolution taking effect immediately upon passage and remaining valid through April 6, 2026.

RESOLUTION NO. 2130 – A RESOLUTION AUTHORIZING THE WAIVER OF CONTAINER RENTAL AND LANDFILL FEES FOR SEDALIA COMMUNITY HELPING HANDS DURING FISCAL YEAR 2025-2026 was read once by title and approved on motion by Foster, seconded by Boggess. All Present in Favor.
