May 19, 2023

**West Central Sedalia  
Historic Architectural Survey**

**Public Meeting  
Thursday, May 25  
City Council Chambers  
5:30 p.m.**

The City of Sedalia will be working with Rhonda Chalfant, Ph.D., to conduct a reconnaissance-level historic architectural survey of the West Central Sedalia Residential Area. This area is considered the residential area west of downtown, north of 10<sup>th</sup> Street to Main Street with a western boundary of Beacon Avenue.

Obtaining input from residents and community stakeholders is a key element of the process. The goal of the survey is to determine the number of contributing properties to potential historic districts and to determine the potential for future preservation planning with the goal of promoting civic pride in the district and its preservation.

We will hold a public meeting on Thursday, May 25, 2023 at 5:30 p.m. in the City Council Chambers to give residents an opportunity to offer opinions, observations and concerns for the survey. Everyone is welcome and encouraged to attend.

This project is partially funded by a grant through the Missouri Department of Natural Resources, State Historic Preservation Office.
