What is HealthTran?

HealthTran has provided transportation in rural Missouri since 2014.

HealthTran connects government-funded programs with transportation to offer community transport.

HealthTran aims to ensure all rural community members have transportation to access the healthcare and wellness services they need to live a healthy life.

HealthTran strengthens healthcare access through collaboration, Mobility Management, advocacy, and sustainability.

Requirements

- ✓ Smart phone and internet access
- ✓ Valid driver's license and insurance
- ✓ Must pass annual background check.
- ✓ Must pass 11 panel annual drug screen.
- ✓ **NO MEDICAL MARIJUANA USE**
- ✓ Vehicle in good operating condition

“Public transportation can be an important enabler of access to services. It can lead to more individuals reaching life-sustaining and preventative health care services.” – Doris Boeckman
HealthTran Co-Founder

Mileage Reimbursement \$\$\$\$

Volunteer Drivers use their own vehicle to transport people to and from medical related appointments.

Volunteer Drivers are reimbursed at a minimum of .80 per passenger mile.

Volunteer Drivers receive reimbursement checks twice a month.
