

Addendum #1 IFB 2024-018

Roof Restoration-Public Works Garage

The City of Sedalia received the following questions:

“Are they taken other Coatings for substitution. It would be comparable to the Conklin System.”

On page 26 of the bid packet you may select the option “We take exception to the IFB Documents/Requirements” and then fill out the section beneath explaining in detail the specific exceptions. If you take exception to the specifications, please attach documentation of the product you are wanting to use as a substitution. This way during bid review, product specifications can be reviewed in full.

“I have attached Sherwin Williams Uniflex products that are "and/or equal" to the system listed on the specification. Can the product system I have attached be approved to use for the roof restoration project? I have a couple applicators who want to use Sherwin Williams.”

On page 26 of the bid packet you may select the option “We take exception to the IFB Documents/Requirements” and then fill out the section beneath explaining in detail the specific exceptions. If you take exception to the specifications, please attach documentation of the product you are wanting to use as a substitution. This way during bid review, product specifications can be reviewed in full.

“I'm needing some clarification on the start date and the timeline in which the job is to be completed. I would like to discuss this timeline to make sure that we are able to complete the work outlined in the IFB. Temperature and weather will play a vital role in this process because of the coatings curing properly.”

On page 26 of the bid packet you may select the option “We take exception to the IFB Documents/Requirements” and the fill out the section beneath explaining in detail the specific exceptions. This is where you can go into more detail concerning the timeline.
