

Addendum #2
2025-010 Wayfinding Signs

Due to concerns from prospective bidders the City has determined to it will eliminate the bid bond requirement; however due to the likelihood of financial risk to the City if the completion date is missed, the City will insert a liquidated damages provision in the contract for selected bidders. In addition, for those only bidding parts the City will need those delivered by June 5, 2025 in order to make the grant deadline.
