

Addendum #2

IFB 2026-007 Wayfinding Signs

The City of Sedalia received the following question:

A follow up question, could we propose a pre payment schedule ahead of install with some method of recourse for the City to recoup money? Or is one lump sum payment instead of payment across milestones the only method the city will accept?

These arrangements are not typically finalized prior to bid acceptance. However, you are welcome to include a proposed payment schedule as part of your bid submission for the City's consideration.
