

**2024-019 Hay Production on City Properties  
Addendum #2**

**The City of Sedalia has received the following questions:**

Thank you I also didn't see on there is the bid per acre or for every acre on that place? [The amount entered in the extended price column should be the lump sum bid amount for three \(3\) years of hay production of that line item.](#)

Is payment due all at once for the three years? [No, payment for the first year is due when the contract is signed and then due yearly on the anniversary date the contract was signed.](#)
